↑ CITY, STATE, ZIP

United's leadership in energy management has taken a giant leap forward for members who want to monitor how much electricity

they consume anytime, any day, and in near real-time in the comfort of their home. United members may apply to use an in-home display (IHD) by meeting several minimum requirements and answering a simple question.

12/18/2014

★ Applications can be submitted via e-mail to [IHD@united-cs.com](mailto:IHD@united-cs.com). or by fax at (817) 556-4068. Eligibility hinges on the following criteria.

## ● PROGRAM RULES ●

- 1 Must be a United member in good standing for the last 12 months.
- 2 Must use the in-home display device in member's principle residence, which is served by United.
- 3 Must accept a new, complimentary meter (existing meter will be changed out) that allows the in-home display device to communicate energy usage for member viewing.
- 4 The in-home display device is available for use free of charge for three calendar months. If the device is not returned, the member will be charged \$12/month until the device is returned, or a one-time charge of \$120 if the member chooses to keep it.
- 6 Must allow United energy experts to conduct a free energy audit on your home (preferably at the end of the three-month period).

Please answer the following question either on this form or in the body of your application email to [IHD@united-cs.com](mailto:IHD@united-cs.com):  
**In a few sentences, describe your objectives for taking advantage of this United member benefit?**
